## Audio Video Distribution Center (AVDC<sup>2</sup>)

Also available in smaller, larger and custom configurations.  
 Details and specifications available on request.

590-VT-2043 UPS with Case (Uninterrupted Power Supply)

### Key Features:

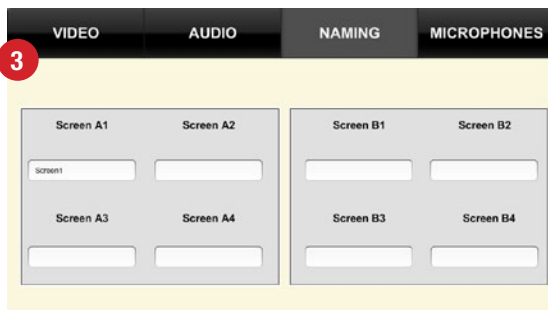

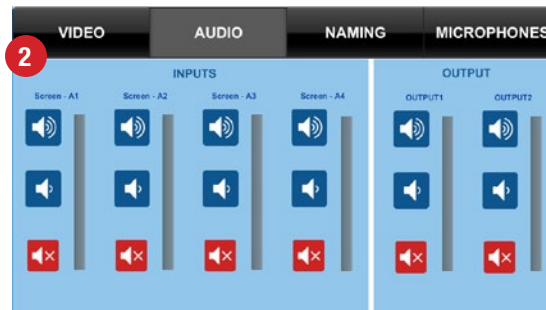

Vellicom Tactical's Audio Video Distribution Center (AVDC<sup>2</sup>) features two powerful quad-image processors, each able to display up to four image sources on a single projector/monitor. Each screen window can be named, moved or resized on-the-fly with easy drag-and-drop convenience.

Audio inputs simultaneously support multiple sources, plus PA. All components are shock mounted and fully integrated. Only one plug is required to power the system. A separate case-protected UPS (backup power supply) keeps electronics safe from power surges (above).

Systems includes one 7" touch panel control monitor with desktop stand, plus one laptop with X-panel GUI and two POE (Power Over Ethernet) switches for backup control.

Case features two integrated wheels, stacking ribs, padded recessed spring-loaded handles, gasket sealed lids, auto pressure release valve, coupling straps and a padded accessory drawer.

### Control Screens: (1) Video (2) Audio (3) Naming (4) Microphones
